Re: Katharina Wilson's response to DR#38 on Sherman

Katharina,

I enjoy this on-going discussion of my book. I must correct you on one item, however.

I did not use the computers to communicate with the aliens. I was trained to uncover my intuitive abilities on a computer but when I acutally communicated with the aliens, I was not using a computer at all. I only used the computer to type in the information I was receiving from them. In the event of a total EM failure, I could have just as easily "translated" the communications verbally, using no computer. I hope that clarification helps.

Regards...
