## "Colonel Steve Wilson" and his lies

[From a correspondent who has watched the "Colonel" for several years.]

It makes me sick to watch people buy [the Colonel's] lines day after day. I just wish someone would do something about him.

A lot of people will remember the things he has said in public and hoped people forgot. He probably never planned to show up at the Skywatch conference and is pulling one of his "disappearing acts" he is so famous for. ...

Most if not all of what the Colonel claims about himself are lies and most of the stuff on his web site is misinformation and disinformation....

IF the colonel is really in the hospital, he would probably be in a VA in or around Austin, Texas. He is disabled with heart/lung disease and depends on oxygen. He is around 63 years old. Desert Storm my ass!

He may not be in the hospital at all as he has done this before in the past and was never really gone. But since he IS disabled, he may be sick and actually in the hospital. Can't tell when he is telling the truth anymore because he lies so much. But the members of his little "cult" will never believe this because they WANT to believe he is telling them information supposedly from an "insider". He has never provided proof of his claims and he always gets mad at anyone who asks him to prove what he says and he says he doesn't have to prove anything.

All of his lies are there, in his own words, in many posts he has posted to the Skywatch mailing list. It is there in the memories of his cult too if they think back...if they CAN think for themselves anymore.
