Subject: A warning from me and the FBI
Cc: mnswe@pop3.Spacestar.Net
Priority: urgent

I was contacted by the FBI last week and due to my not knowing why and then playing phone tag for a couple of days I didn't get to speak to them until today. The agent came right to the point and asked me "What is Skywatch and are they planning to attack Area 51?"

My answer with the dumbest look on my face I'm sure I have ever had was "What !!"

The agent couldn't tell me who had said this or notified them about "me" and our militant organization, but I am hoping that it was just some admirer of mine and not someone out to sabotage what we are trying to do here as members of this organization. And that is:

"The PEACEFUL teaching of the masses that the GOVERNMENT is not telling WE THE PEOPLE everything that we should be told and that the GOVERNMENT is not the great and trusting organization that they have been made out to be. AND that when the time comes for people to be made aware that something is happening - be it an invasion from other humans or our own government or non-earth types - that we as Skywatch members will have - hopefully - some kind of advanced warning.

WE ARE NOT OUT TO ATTACK ANYONE OR ANYTHING.

Our goal and mission as I see it is to increase the information transfer between all peoples of the government and between nations and

to eliminate the threat of anyone or anything taking away our rights as men and women of Earth.

That is what we are about.

If there is someone out there that has a private problem with me or that has something against my beliefs or Skywatch, lets talk about it. Openly and honestly. If you don't like my views don't read them. But don't go and take the cowards way out and report me to someone that can with a computer hooked up to the web find out that we are not a militant organization.

Am I afraid of the government, no. Am I afraid of what the non-existant government might or might not do to the American people, yes. That is why I belong to this organization. The truth is paramount. Not some stupid cowardly alligations that can possibly get someone in trouble for no real reason.

Dave
