1995 Janet Flight Schedules

(No longer valid)

Partial List, collected August 1995. Arrival times are the earliest possible: Actual gate-to-gate time is 30-45 minutes depending on routing and traffic. Times at Groom and Tonopah have been inferred from Las Vegas times, consistant with previously observed transit times. It is possible that jets are being diverted enroute to other destinations, but this has not yet been detected. All of these schedules operate with the above 737-200s. "Load" below is a sample headcount (attempting not to count flight crew).
