Regarding "Chuck Clark" - Latest First

What you should watch out for on your trip to Area 51

Chuck Clark wrote this in his book: Always make sure you have a good spare tire before going off road. Always tell someone where you're going and when you plan on coming back. If you break down on an outing desert, do not wander away from your vehicles searching for help. Do you have enough water? Oh and whatever you do, do NOT go out too far out into mailbox road. There's the biggest bump there I've ever saw. It almost blew away my father's van's oil tank. Make sure you have a car in good condition for off roading before you leave please. If you have or want any pics of area 51, please e-mail me. Thanx
