Jarod 2

Claims to have designed simulators for U.S.-built flying saucers

[Photo at right is Jarod 2's sketch of his namesake, Jarod 1. This image could be copyrighted, so please do not copy it (although other web pages may refer to it here).]

1. **Occupation:** Retired mechanical engineer
2. **Age:** 70
3. **Synopsis:** Claims to have worked for 30 years on a secret government project designing flight simulators for human reproductions of alien flying saucers. He has no doubt that the technology is extraterrestrial, and he says he has seen gray aliens in the course of his work. He claims to be speaking semi-publically about his experiences with permission of his former bosses.
4. **Name:** His real name has been withheld from publication to avoid unwanted attention from UFO believers. The pseudonym "Jarod" is the name of a real gray alien who the engineer says he encountered in the course of his work.
5. **His Story**

[Initial Report](#) in DR#24.

- [Details of Simulator](#) in DR#27, including blacked-out photo of Jarod at nuclear rocket.
- [Aliens speak "a higher form of Hungarian"](#) in DR#28.

6. Investigations

- First alien contact at Arizona UFO crash
 - [Account of alleged UFO crash near Kingman, Arizona](#), reported by Raymond Fowler. (Jarod says an Arizona crash brought first contact between aliens and gov't.)
 - Location of Kingman crash described in [DR#31](#)
- Government Program to Study Aliens, started by Nixon in 1953
 - J-2's account in [DR#24](#) agrees with "Executive Briefing" of unknown origin. Discussed in [DR#29](#)
- Cover of alien eye is photosensitive (gets darker and lighter with ambient light)
 - First reported in [DR#28](#).
 - Similar report of dark eye covering reported in [forensic report of "Roswell autopsy" film](#). (5th paragraph)

7. Agreement with the claims of others.

- Agrees with the claims of [Bob Lazar](#), but J-2 implies that the program has advanced much further than Lazar was aware of.
- Agrees with the claim that flying saucers crashed in the southwestern U.S. in the 1940s and 50s.

8. **Believer's Theory:** Jarod confirms that a sophisticated government UFO cover-up has taken place and that a part of the government has been working with the aliens for years.

9. **Skeptic's Theory:** Jarod heard Bob Lazar's story and built his own fiction upon it.

Aliens & Boron

J-2 says alien "sure take a lot of boron" from earth.

Regarding "Jarod 2" - Latest First

Aliens, do machines dream of computerised sheep

I dont believe Aliens have visited our planet's, well i wont until i see one, but i do believe that a satalite from another planet could have got here, why else would accpc.com be able to be 7-10yrs in advance of intel&amd, reversing technology is the only way thats all folk, just to get the grey matter working from another standpoint

Oh, come on. . .

Don't we have enough to worry about with all this UFO and "Secret Dictatorship" nonsense being proliferated by people who ought to know better? Don't get me wrong. I will be the first to fight for your rights to post this stuff. I do not disbelieve in UFO's. I don't believe, either. I'll share with you a little quote from Thomas Aquinas, in response to the oldest question: "What is God?" His response: "We can say this much with certainty: We do not know." With all this talent you folks display, you ought to demonstrate the leadership qualities I am sure you have and turn your efforts to profitable lines of speculation, like "Why do people kill each other?" Thank you very much.

hungary

As for the hungarian connection- I quite agree with it. The hungarians are alien desendants, but relatives not of the greys but of closer people- maybe the martians. But there are many other isolated cultures in time and space. Could they be alien, too?
