Our Review

Opinion of the webmaster, subject to debate

This is the follow-up to Good's 1988 *Above Top Secret*, expanding the evidence for extraterrestrial visitation and government cover-up. This book provides the definitive reference on the Lazar story (45 pages). Although some new information has come out since this book was published, this is still the best account of the specific claims Lazar made in 1989 and 1990 about working with alien craft near Area 51. Other topics include aircraft-UFO encounters, Linda Howe's work with cattle mutilations and Bob Oechsler's government investigations. Like other books by Good, this one includes extensive footnotes, as well as 18 pages of government documents. -- *tm*

Note on Good's "Above Top Secret"

We highly recommend Timothy Good's original reference reference work *Above Top Secret*. However, this book has gone out of print and is no longer available from the publisher. This book is to be replaced by an updated version, "Beyond Top Secret," which has just been released in Britain but not the U.S. We plan to carry "Beyond Top Secret" as soon as it is available in the U.S. In the meantime, you may be able to find a remaining copy of "Above Top Secret" at a local bookstore.

TOP-SECRET UFO FILES REVEALED

Following his international best-seller *Above Top Secret*, which proved with official documentation that many governments throughout the world have covered up information on UFOs, Timothy Good now reveals the startling truth about extraterrestrial visitation: Contact has been established.

Alien Contact contains astounding new evidence, supported by interviews with key military, scientific, and intelligence personnel. Among its disclosures:

- Confirmation by two former U.S. Intelligence directors and other intelligence personnel that extraterrestrial craft are in possession of the government.
- Revelations by a physicist and military personnel that alien craft have been test-flown at a top-secret installation in the Nevada desert.
- Reports from intelligence officers describing communications with aliens and alien anatomy, and the medical

examination of a live extraterrestrial by a respected doctor.

- A former NASA engineer's visit to a top-secret North American Aerospace Defense Command installation where extraterrestrial spacecraft are tracked regularly, and his firsthand experience of alien technology in use by NASA.
- New evidence - including official FBI and police reports - linking UFOs with disturbing animal mutilations.
- President Ronald Reagan's UFO sighting and his discussion with President Gorbachev regarding the possibility of an extraterrestrial threat.
- Evidence of an alien base in Puerto Rico.
- The top-secret project to educate the public about alien visitation, including plans to exhibit an alien craft and body.

Already known for offering compelling evidence that the intelligence communities of the United States, Great Britain, Canada, and other nations have channeled millions of dollars into secret "black" projects for UFO research, Timothy Good now takes his conclusions one step further. *Alien Contact* provides sensational new evidence obtained from his worldwide investigation into the ultimate secret - at a level of serious enquiry impossible to ignore.
