The appendix includes text of the alleged "MJ-12" documents, as well as other government documents relating to UFOs. Critical Acclaim for Above Top Secret

"Above Top Secret tells a shocking, frightening, and deeply moving story. It reveals secrets that have desperately needed revealing for forty years, and in doing so proves that there has been extensive official suppression of evidence that UFOs are real. Timothy Good builds his case until it is overwhelmingly clear that visitors from some other world are not only here, but deeply involved in our lives, and that our governments know far more about this than they have told us.

"Citing interviews with officials and extraordinary documentary evidence-much of it authentic beyond controversy--Timothy Good shows that the cover-up has been designed--in the stunning words of a former CIA Director who has admitted its existence--around a program of 'denial and ridicule.' UFOs are indeed the ultimate official secret.

"The effect of this secrecy has been to leave the average American to face our visitors alone and in total ignorance--and to risk ridicule and the ruin of his career if he seeks help or even dares to tell his story.

"Whether the cover-up is something that governments have created for their own ends or that has been forced on them by the visitors themselves I do not know. But I do know one thing: the visitors can appear in anybody's life, at any time. For all of our sakes, it is time for government to admit what it knows. Indeed, it is urgently necessary that the truth be admitted--and fast. Thousands and thousands of people are coming face-to-face with the visitors. It is essential that they not continue to do so in ignorance and terror.

"Above Top Secret is absolutely stunning. This is because the weight of evidence presented is too powerful to deny: Mr. Good has proven his case. The amazing story he tells is true."
