[Explanation of Ratings](#)

Provides an audio record of an October 7, 1965 incident in which UFOs were spotted near Edwards Air Force Base and tracked by radar and aircraft. The 54 minute audio tape contains the actual U. S. Military Recordings from Phone Patches, Base-to-Base Communications, and ground-to-air radio, along with the official Air Force documentation. (In real time, the event took over 3 hours, but only the pertinent recordings have been collected for the tape.) A most intriguing item. It's obvious the trained military personnel observing and tracking the object were at a loss to explain what it was, and seem somewhat embarrassed by the fact. -- *Glenn Campbell*

Regarding "Edwards Air Force Base Encounter: The U.S. Air Force vs UFOs" - Latest First

### Agree with Brandon

I spent 3 years at Edwards AFB as a Security Policeman and never saw anything out of the ordinary. Come to think of it, the weirdest thing we had was one of the UFO believers come to the gate with a dependent ID card that expired in 1975 requesting to talk to someone about 'Project Bluebook' cuz she had been abducted. Kern County Sheriff was happy to escort her to the funny farm. 5150 in CA Health and Safety Codes ;)

### I haven't seen anything since I have been on Base.

I am an airman here on Edwards AFB, and I have yet to see or believe that such a thing could have happened. You have to take into account that this is a TEST BASE, and many of the things that go on here are CLASSIFIED.
