Our Review

Opinion of the webmaster, subject to debate

This is the environmental report filed by the Air Force to help finalize their 1984 seizure of the Groom Range. Comes in two separate volumes: The **Draft** report contains a good review of the flora, fauna and geology of the area. The **Final** report is chiefly a record of hearings and other responses to the draft report. Each is 150pp., spiral bound. Be sure to specify **Draft** or **Final**. -- *Glenn Campbell*
