Our Review

Opinion of the webmaster, subject to debate

"A military novel of the ultimate cover-up." - A novel by a bestselling author based on the claims of Bob

Lazar and Bill Uhouse. A NORAD intelligence officer at Cheyenne Mountain detects four spacecraft in a descent over North America. Puzzled by the lack of response from his superiors, the officer launches his own private investigation which leads him to -- guess where? All of the Area 51 lore is found here. --
Glenn Campbell
