[Explanation of Ratings](#)

A catalog of UFO cases in which the witnesses have reported some kind of effect on their body -- from burns to paralysis to ringing in the ears. The listing is chronological and spans the years from 1873 to 1994, with the bulk taking place after 1950. Each entry gives the date, place, references source, a paragraph describing the incident and a list of the physical effects experienced. No attempt is made to evaluate each case. A sixteen page introduction discusses the investigation of physiological cases. -- *Glenn Campbell*
