### [Explanation of Ratings](#)

**Credibility = Very Low:** In general, this category is a rating of the author's intellectual discipline and the strength of his argument (which are very low), not the veracity of his claims (which could be true in spite of the weak argument).

**Style = Functional:** Easy to read.

**Wow Factor = Interesting:** Entertaining as fiction.

An American woman is taken in by a tribe of Aboriginals, who induct her into their secret ceremonies and teach her the ancient wisdom of their culture. Book is labelled and sold as fiction, but the author claims it is real, with only a few minor changes to protect the tribe. This book seems to be highly regarded by the U.S. New Age crowd, but is not well received in Australia, where Morgan is touted as a fraud by Aboriginals themselves. Personally, we are suspicious. We would accept this book only as wholly fictional. -- *Glenn Campbell*

### Publisher's Synopsis

A huge national bestseller--soon to be a major motion picture from United Artists--this is the sensational story of an American woman who accompanies a remote tribe of aboriginal people on a four-month "walkabout" through the Australian Outback, a region that has remained virtually unchanged for 50,000 years. "A powerful book."--Marianne Williamson.

### From the Book Cover

Mutant Message Down Under is the fictional account of an American woman's spiritual odyssey through outback Australia. An underground bestseller in its original self-published edition, Marlo Morgan's powerful tale of challenge and endurance has a message for us all. Summoned by a remote tribe of nomadic Aborigines to accompany them on walkabout, the woman makes a four-month-long journey and learns how they thrive in natural harmony with the plants and animals that exist in the rugged lands of Australia's bush. From the first day of her adventure, Morgan is challenged by the physical requirements of the journey -- she faces daily tests of her endurance, challenges that ultimately contribute to her personal transformation. By traveling with this extraordinary community, Morgan becomes a witness to their essential way of being in a world based on the ancient wisdom and philosophy of a culture that is more than 50,000 years old.
