Information from the Publisher

Always supportive

From the Book Cover

ERICH VON DANIKEN KNEW WE WERE NOT ALONE -- NOT BY LOOKING UP, BUT BY LOOKING DOWN AT EVIDENCE ON EARTH.

In 1969, Erich von Daniken's book, [Chariots of the Gods](#), rocked the world. Published in 36 countries, millions were exposed to his radical ideas. But von Daniken's theories have held up for three decades of intense scrutiny. As this millennium ends, he returns with new evidence that our forefathers received visitors from other worlds. Join him as he takes you around the earth to examine more revolutionary idea behind [Chariots of the Gods](#). First to Mexico (Pyramids of the Sun and Moon), then to Peru (plains of Nazca and the ancient drawings), France (stones of Carnac), Turkey (subterranean cities of Deder and Kaimalkin), Egypt (hidden chambers in the Great Pyramid), and more. Is von Daniken's theory true: that "extraterrestrials found us before we could find them?"
