### From the Book Cover

Are patterns from your past lives causing you problems today? They could very well be, if you've ever found yourself asking these questions:

- Why do the same things keep happening in my life?
- Why do I do the same things over and over?
- What is in my emotions to make me react this way?
- Why am I blocked from taking the actions I need to achieve the goals I want?

The answers you may uncover can yield great promise -- and offer a fabulous challenge -- for they come from events in your past lives. Your present life is full of the residue of these past lives, and you remember much more than you think.

Citing many fascinating, fully verified case histories of the life-before-life phenomenon, LIVING YOUR PAST LIVES will help you bring these memories to the surface -- and fill the life you lead today with new insight, fulfillment, and happiness.
