### Exploring the Parapsychology of Spirituality Edited by Charles Tart

The split between science and spirituality has long been a thorn in the sides of both camps. Scientists have found no evidence for the existence of a soul, for example, while those with a spiritual bent criticize scientists for having too narrow a view. Now, the author of the classic books Altered States of Consciousness and Transpersonal Psychologies delivers a selection of articles which provide scientific evidence for the existence of spiritual dimensions.

Acclaimed scientist Charles Tart presents the considerations of well-known researchers and authors such as William Roll, Ramakrishna Rao, Michael Grosso, and Jeffrey Mishlove. With these notables, you'll examine provocative topics such as:

- The existence of God
- Life after death
- Channeling
- Life in other dimensions

This groundbreaking work serves to liberate all of us, and asks that we look objectively at the evidence. We may be surprised at what we find.

## From the Publisher...

Addressing the split between practitioners of science and those of spirituality, Charles Tart presents the considerations of well-known researchers and authors such as William Roll, Ramakrishna Rao, Michael Grosso, and Jeffrey Mishlove on such subjects as God, life after death, channeling, and other dimensions. A ground-breaking work that may surprise many readers.
