[Explanation of Ratings](#)

Out of print as of Aug. 1998. See our [Tesla catalog page](#) for other titles.

Consists of six magazine articles written by Tesla in his later years and originally appearing in Electrical Experimenter magazine. Describes both his childhood and his later inventions. The account is mostly personal, not technical, and is suitable for the layman. Vintage typesetting resembles the original 1919 edition. -- *Glenn Campbell*
