High	Very High	High	High	Stylish	Low	Wow!	Very High

### [Explanation of Ratings](#)

**Visual Information = High:** Includes photos of many of the officers and crime scenes.

**Style = Stylish:** Spellbinding reading. Hard to put down.

**Wow Factor = Wow!:** May result in one or more sleepless nights as you consider the implications of these stories.

**The best book we've read this year!** This book is like a whole season of The X-Files in one volume. It is much better, though, because these stories are true, as reported by the law enforcement officers who experienced them. Police, especially detectives, are trained observers whose job is to deduce what happened at a crime scene. When the pieces don't fit together as they should, it stands out in a detective's mind and may bother him for years. This book is a collection of these officer's stories, most of which remain unresolved. The stories are fresh and none of the officers are anonymous. Everything in this book speaks of its authenticity, originality and rare journalistic integrity. You must read it! -- *Glenn Campbell*

## From the Book Cover

\* UFO Encounters \* Ghosts, Poltergeists, and Other Apparitions \* Voodoo Rituals \* Mysterious Creatures \* Crime-Solving ESP \* Unexplained Graveyard Exhumations \* Occult Sacrifices

In the line of duty, police officers are frequently placed in positions where that are likely to witness strange events. Often the events are explainable. Sometimes, however, no earthly explanation can account for them: a brush with the occult, perhaps; a mysterious, otherworldly apparition; a startling glimpse of psychic phenomena; events so baffling they simply can't be explained -- or controlled -- by any law of science or of man.

Hidden Files is a collection of these astonishing encounters, as told by the police and other law enforcement officers who experiences them. From ghosts, poltergeists, and psychic perception to UFOs, crop circles, and sudden, inexplicable disappearances, each fascinating occurrence offers intriguing evidence of powers that are beyond our laws - and often beyond our comprehension.

Sue Kovach is an investigative journalist.
