"Keith's book is mostly an assembly of quotes from other books. It is largely unreadable and Keith makes no assertion that hasn't already been better made elsewhere. Keith is absolutely convinced his assertions are correct, but his arguments are thin. I got the feeling he only exposed himself to sources he would be certain supported his views. Not a "scholarly" effort at all. Read the books he quotes, you'll at least get a more complete picture. The book is a waste of money -- there's more reliable information on the web." -- A Reader
