Our Review

Opinion of the webmaster, subject to debate

This is one of the classic conspiracy books, reprinted as a collector's volume. Written during the Cold War, it claims that Communism is a scheme secretly supported by the world's wealthiest capitalists -- namely a cabal of bankers and the Council on Foreign Relations (CFR). Includes a list of CFR members. May be useful for historical reference, tracing the evolution of conspiracy claims. What we found interesting is the long list of former government officials who contributed supportive blurbs for the book, including Congressman John Schmitz, who wrote the introduction. -- *Glenn Campbell*

WHAT THOSE "IN THE KNOW" SAY ABOUT
NONE DARE CALL IT CONSPIRACY

I wish that every citizen of every country in the free world and every slave behind the Iron Curtain might read this book.

Ezra Taft Benson
Former Secretary of Agriculture

NDCC is an admirable job of amassing information to prove that communism is socialism and socialism (a plot to enslave the world) is not a movement of the downtrodden but a scheme supported and directed by the wealthiest of people.

If enough Americans read and act upon NDCC, they really can save the Republic from the conspirators—whose plans for the destruction of our country are galloping fast toward completion. .

Dan Smoot
Former Assistant to J. Edgar Hoover

Now that NDCC is available, I no longer need to answer "no" to the question which is often put to me, namely: "Mr.

Dodd, is there a book~ which I can read so I can know what you know?" No higher praise is possible for this book.

Norman Dodd
Chief Investigator
Reece Committee to Investigate Foundations

This book concerns the way in which our nation and other nations are actually governed. As Benjamin Disraeli said, this is not the way in which most people think nations are governed. The whole subject of the Insiders who so largely control our political and economic lives is a fascinating mystery.

For the reader who is intelligent but uninitiated in the literature of superpolitics, I can think of no better introduction to the field than NDCC.

Dr. Medford Evans
Former Chief of Security for
the Atom Bomb Project

Since people of the Jewish faith have been the number one historical victims of the Communist Conspiracy, we wish every member of our faith would carefully read this book so they will become aware of the forces which often attempt to manipulate them.

Dr. Barney Finkel
President, The Jewish Right

Whatever one dares to call the apparatus described and documented in this book, he will ignore it at his peril. 1972 may well be our last chance to defuse this destructive device. This book tells you how you can expose and demolish it.

Dean Clarence E. Manion
Former Dean Notre Dame Law School
