Our Review

Opinion of the webmaster, subject to debate

Credibility	Research Value	Cultural Interest	Visual Information	Style	Silliness	Wow Factor	Bargain
5	5	5	5	5	1	5	5
Very High	Very High	Very High	Very High	Stunning	Very Low	Wow!	Very High

[Explanation of Ratings](#)

Credibility = Very High: In general, this category is a rating of the author's intellectual discipline and the strength of his argument (which are very high), not the veracity of his claims (which could be false in spite of the strong argument).

We haven't had a chance to field-check this one, but we loved [The Ultimate Kauai Guidebook](#) from the same authors. The general consensus is that this is the best guide to the Big Island of Hawaii and probably the only manual you will need when visiting there. An additional advantage of this guide is that it is very recent and includes up-to-date prices.

Comparison to Other Books

Format and reporting are identical to [The Ultimate Kauai Guidebook](#), which we also highly recommend.

This catalog provides the sole financial support for the [Ufomind website](#) and our many free on-line services.... Your purchases keep us going!

Information from the Publisher

Always supportive

From the Book Cover

The most comprehensive yet easy to use guidebook ever written for the Big Island. The Big Island is so big and diverse that many visitors never realize all that it has to offer. We unlock its secrets. Our brand new, full color edition has more useful information, the most up-to-date maps, and scores of hidden gems listed nowhere else. This book and a rental car are all you need to discover what makes the Big Island so exciting.

Our specially created maps include beach access to even the most remote beaches, mile markers (so you always know where you are), hiking trails, and numerous details in an easy to follow format.

We'll show you hidden gems such as deserted black sand beaches, secluded freshwater lava pools (some volcanically heated), pristine rain forests, lava tubes, hidden waterfalls, and the most dramatic part of the erupting volcano shown nowhere else.

Driving tours of the island let you structure your trip your way.

Special section on Adventures.

Clear, concise directions to get to those hard-to-find places.

Symbols quickly identify recommended sights and companies.

Easy to use; no thumbing through every page looking for what you want.

Written by island residents who know the island.

Actual prices for restaurants, hotels, and activities. (Not vague symbols such as three forks to indicate meal prices or general terms such as moderately priced.) Frank, honest opinions throughout -- No Advertisements.

Fascinating stories and legends from all around the island.

We've covered it all -- from the snow-covered top of Mauna Kea, to the sparkling underwater reefs. This is the best investment you can make for your Big Island trip. Whether you are a first time visitor, or a long time Kama'aina, you will find out more about the Big Island from this book than from any other source. Discover the Hawai'i you've always imagined with Hawai'i: The Big Island Revealed.
