"The Octopus was Casolaro's name for an intelligence cabal he had documented in his unfinished book. His toe-hold was PROMIS, a super-surveillance software misappropriated from a company called Inslaw by Ed Meese's Justice Department and sold illegally to police agencies around the world. Casolaro's research looked at bizarre murders among the Cabazon Indians involving administrators of the tribal land; the privatization of CIA dirty tricks through the notorious /people/w/wackenhut/ security firm, the policemen for both the Cabazons and the mysterious Area 51 [Area 51 Claims & Theories], home of spy planes and rumored UFOs; Vietnam MIA's; manufacturing corruption at Hughes Aircraft; the human genome project; even the Illuminait [Illuminati Conspiracy] secret societies of the 18th century. Alternative 3: UFOs, Secret Societies and World Control. In 1975, the normally conservative television program Science Report broadcast the most shocking investigative story ever shown on British television: an international conspiracy of monumental proportions with the code name Alternative 3.

"Among the startling allegations of Alternative 3: * The rich elite of the world have initiated a secret program of space migration to escape the environmental pollution & overpopulation destroying the earth. * A secret joint USA-Russian space program has established bases on the moon and Mars. * UFOs are actually secret government aircraft with capabilities far beyond what we have been told. * Top space scientists from around the world are being abducted to provide personnel for the space bases. * Citizens are being kidnapped and subjected to mind control to serve as slave labor at the secret space colonies.... Since its initial airing, the startling claims of Alternative 3 have been debated and decried as a hoax, while others claim that there is truth to this terrifying plan of our secret rulers! Drawing on his diverse research and a wide variety of sources, Jim Keith delves into the bizarre story behind Alternative 3."
