Our Review

Opinion of the webmaster, subject to debate

A collection of newspaper articles for the year 1947 -- considered to be the birth of the flying saucer era. In addition to the Roswell and Kenneth Arnold incidents, the popular media virtually erupted with UFO stories in that year. The main goal of Project 1947 and this report is the comb through thousands of newspapers for interesting UFO stories. Most of the original articles are on blurry microfilm or crumbling hard copy. This document provides the retyped text of hundreds of articles. The product of hundreds, if not thousands of hours of labor, this document is a valuable resource for anyone interested in that era. -- *Glenn Campbell*

Publisher's Synopsis

This compilation sponsored by the UFO Research Coalition surveys the extensive UFO reports documented in newspapers and other publications worldwide during 1947. As part of an ongoing research project, nothing so comprehensive has been available since the groundbreaking studies by Ted Bloecher and Loren Gross -- studies which are now out of print and difficult to find. This study offers an extraordinary look into the UFO mystery as it dramatically unfolded in 1947. Spiralbound, illustrated.
