[Explanation of Ratings](#)

Credibility = Very High: In general, this category is a rating of the author's intellectual discipline and the strength of his argument (which are very high), not the veracity of his claims (which could be false in spite of the strong argument).

Visual Information = High: Facsimile reproduction of actual documents.

A collection of documents from Project Sign, the first official Air Force investigation of UFOs. The documents were released in conjunction with the GAO's investigation of the Roswell case, and none have been previously published. The documents are mainly administrative but a few sighting reports are included. Mostly of historical interest.

From the Book Cover

In 1997 the Air Force release, from Wright-Patterson AFB, Dayton, Ohio, approximately 900 pages of UFO-related documents. This group of documents was found during the records search by the U.S. General Accounting Office in connection with their inquiry into the 1947 Roswell, New Mexico, incident. The files are those of Project SIGN, the initial Air Force investigation of UFOs that began in 1947, headed by Col. H.M. McCoy, Chief of Intelligence, Air Materiel Command. Project SIGN ended early in 1949 when the name was changed to Project GRUDGE, although Colonel McCoy remained in charge of the successor project. The documents are mostly administrative papers, but include an apparently intact copy of a preliminary Project Sign report dated April 23, 1948, some data from which is incorporated here....
