This is a detailed story of the Lockheed Skunk Works from the perspective of the man who headed it during the F-117 development. A tell-almost-all book with many nameless references to Groom Lake. The late Skunk Works president Ben Rich recounts the development of stealth, his work with Kelly Johnson, and the workings of the black world. Given the sensitivity</p>	<p>\$13.95</p> <p>book1</p> <p>Add to cart</p>

Rich does not hide his disdain for the often capricious Air Force bureaucracy and expresses his frustrations with excessive secrecy and the inefficiencies of the military procurement process. An essential document for historical research into Area 51 and the aviation projects that built it. -- GC. Jacket Text A reader's review Skunk Works F-117A (7/22/99)</p>
