[Explanation of Ratings](#)

3-tape video set. A reduction in price has made this three volume set more attractive. It is a review of selected topics in the UFO field: government cover-up, cattle mutilations, abduction, UFOs in Russia, UFOs through history. The series is based loosely on Knapp's earlier "Best Evidence" reports on Las Vegas TV station, KLAS, in '89 and '90. This was the series of local news stories that introduced Bob Lazar to the world. Surprisingly, Lazar plays a much smaller role in the new series, as Knapp looks at the rest of the field. The skew of the programs is heavily UFO-supportive with hardly a sound bite from skeptics. Nonetheless, there is some material here that hasn't been shown elsewhere and that could form the basis for further research. -- *Glenn Campbell*

## Reservations

Although demand is high, this video set is unavailable at present, and we have no information on when it will be back on the market. This series is of comparable quality as many of the UFO specials shown on the Discovery Channel, the Learning Channel, etc.

## Comparison to Other Books

For a more lengthy interview with Bob Lazar see [Secrets of the Black World](#).
