Our Review

Opinion of the webmaster, subject to debate

contains the most detailed maps of Area 51 available to the public. Can be purchased as individual maps or a complete set of three. Each map is 19" x 25" with the Groom Lake base in the middle. Each portrays the area at a different scale: 1"=400' for base buildings and streets (#map1), 2"=1 mile for roads and runways (#map2), and 1:100,000 for adjoining areas (#map3). The maps are in "pseudo blueline" style and are printed on high-quality 70 pound map stock. The broadest view (#map3) shows the base in relation to the Nevada Test Site. The most detailed map (#map1) includes a building list for the main base (date unknown) keyed to the building numbers shown on the map. Prepared for the Area 51 Research Center by aviation historian Peter Merlin based on satellite imagery and other sources. -- *Glenn Campbell*
