## Our Review

Opinion of the webmaster, subject to debate

This is a limited edition gold-plated pin showing a hypothetical triangular aircraft. 24K gold plated. Each pin is separately numbered. Single stud pin in back. Actual size: 42mm (1-5/8 inches) on longest axis. Made in Switzerland and designed exclusively for the Area 51 Research Center by the Swiss Mountain Bat.

## Information from the Publisher

Always supportive

We're not really sure what's being commemorated with this pin, other than all the nifty black programs underway at Groom. Still, who wouldn't want a gold version of a "purely theoretical" stealthy, high-speed craft to attach to their cap. Remember, if it were real, we've have to kill you...and then how many would we sell?
