It is one of the first UFO books you should look at when researching the phenomenon. This hefty volume is packed with references and data. The appendix includes text of the alleged "MJ-12" documents, as well as other government documents relating to UFOs. From the Book Cover

If you have doubts, prepare to shed them now.

[Beyond Top Secret](#) is the fully revised and completely updated edition of Timothy Good's bestselling [Above Top Secret](#). It incorporates powerful new evidence drawn from the hundreds of declassified reports he has acquired from the world's intelligence agencies to prove beyond a shadow of a doubt that there has been an extensive cover-up and that much material continues to be classified at a level beyond top secret.

Rational, sober and immaculately documented, [Beyond Top Secret](#) is the most astonishing book about unidentified flying objects and their possible threat to our security ever written.

"A fascinating and well-documented book that makes a convincing case. The evidence is too overwhelming to ignore."

-- James Adams, [The Sunday Times](#)
