From the Book Cover

When mortals and Gods fought side by side

Eons ago, the Earth was a battlefield. Mighty armies clashed, led by giant warriors meticulously skilled in the art of combat. These wars would shape man's destiny and live on for centuries in legend, song and religious lore -- brutal and terrible conflicts that began lifetimes earlier on another planet...

In the astonishing third volume of Zecharia Sitchin's The Earth Chronicles, the internationally renowned scholar parts the mists of myth and time to return to the violent beginnings of humanity -- employing ancient text, religious documents and archaeological findings to reconstruct epic events that support the existence of extraterrestrial "gods" who once set nation against nation, army against army, and man against man.
