<a href="#">Explanation of Ratings</a>							

A curious little book that seems orphaned from the rest of Jerome Clark's meticulously documented work. It is an overview of the UFO phenomenon, but not following the usual well-worn path. There is hardly any mention here of Kenneth Arnold or the Roswell Incident. Instead, the book touches on a lot of cases you might never have heard of. It is light reading: Hardly any topic gets more than a page or two, but the material seems fresh and lively. The book has nowhere near the data or detail in Clark's other books, but it makes entertaining reading for an hour and might expose you to cases you might not otherwise be aware of. -- *Glenn Campbell*

### Reservations

Clark is given as "Contributing Writer," so it is hard to tell how much of this book is actually his.

### Comparison to Other Books

This book could be thought of as a very abridged version of Clark's [UFO Book](#) which itself is an abridged version of Clark's [UFO Encyclopedia](#).

This catalog provides the sole financial support for the [Ufomind website](#) and our many free on-line services.... Your purchases keep us going!

# Information from the Publisher Always supportive

## From the Book Cover

### Do we have visitors from outer space?

All over the world, unidentified flying objects have been reported and investigated for decades. The UFO Files explores case histories of unexplained sightings, close encounters, abduction accounts, and other strange phenomena. Read about

- Betty and Barney Hill's "interrupted journey"
- A doctor's autopsies on alien bodies
- The controversial Roswell incident
- Famous hoaxes and deceptions

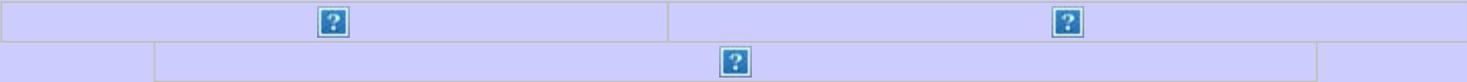

The UFO Files takes you on an out-of-this-world adventure... from the earliest tales of bizarre objects in the sky to the latest rumors of extraordinary aircraft.
