Publisher's Synopsis

This provocative best seller details the physical and emotional effects of near death experiences on people's lives. Based on the results of the largest study ever done, Morse and Perry found that people who have returned from the brink of death are profoundly changed for the better, spiritually and physically. They found that people who had near death experiences were often very normal people who simply have a great deal of appreciation for the ordinary miracles of

everyday life. Morse also documented that their encounter with a spiritual light altered the electromagnetic forces of their body, making it hard to wear watches and frequently being the source of computer problems. Often they gained mind-body healing abilities or had enhanced intellectual abilities. One man suddenly gained a detailed knowledge of nuclear physics, another became a millionaire off of inventions he said were given to him in his near death experience!

From the Book Cover

"Powerful enough to fascinate even the most ardent skeptic and raise goosebumps on the arms of the believer...Profound." -- TOPEKA CAPITAL-JOURNAL

Written by bestselling authors Dr. Melvin Morse and Paul Perry, TRANSFORMED BY THE LIGHT proves that those who return from the brink of death are profoundly changed for the better--spiritually and physically--for the rest of their lives, and that these documented changes provide deeper peace and understanding for all who come in contact with them. Inspirational and deeply compassionate, this book will change the way you think about the mysteries of life and death.
