[Explanation of Ratings](#)

A heavily illustrated introduction to UFO claims in Russia and the former Soviet Union, from ancient times to the present. The author is a Soviet-born UFO researcher who now lives in the U.S. The style of the book is reminiscent of Newsweek magazine, with a varied format and photos on every page. Each claim is given only two pages, so there is not much opportunity for analysis or skepticism, but the book is still very interesting. It appears that some of these claims have never been published before in English. Given the large format and many color photos, the price is reasonable, and the book would make a unique gift for any UFO fan. -- *Glenn Campbell*
