Publisher's Synopsis

Provides us with a fresh new look at the UFO and alien abduction phenomena. Using startling case studies from his own investigation Dr. Lewels makes a strong case for a broader and deeper explanation for the UFO mystery than is commonly accepted by the major researchers. His conclusions about the role of the beings (known by the ancients variously as custodians watchers guardians gods angels or demons) in human affairs will shock and jostle the reader's perceptions about the true nature of reality. His interdisciplinary approach crosses all boundaries.

From the Book Cover

"Rarely does a book come along that defines a New Millenium. The God Hypothesis is such a book!"

[Jacket cover includes blurbs from John Mack, Whitley Strieber and Barry Downing.]

Strieber: "Finally, a book that seriously addresses the question of what the possibility of an alien presence does to religion."
