Conspiracy Claims

<p>ufvi1025 Cover Image</p>  <p>larger image</p>	<p> UFOs: Secrets of the Black World (Area 51 interviews) (new VHS video)</p> <p>By Michael Hesemann (director) and Robert Lazar (interviewed) and John Lear (interviewed) and Wendell Stevens (interviewed). 1995, 2000 Film Productions, 7.5x4". Over two hours of interviews with people associated with UFO and conspiracy claims at Area 51. Interviewees include: Bob Lazar, George Knapp, John Lear, Norio Hayakawa, Wendelle Stevens, Gary Schultz, Jim Goodall, Sean Morton, and Bill Uhouse. Length: 135 minutes. (New.)</p> <p>"This is a German-made video marked by poor production values, sloppy editing, laughable English-language dubbing and a complete lack of skepticism. It is also our Number One recommended video on Area 51! Filmmaker and tabloid publisher Micheal Hesemann may be a pompous ass, but at least in this video he lets people talk. This tape contains over two hours of interviews with Bob Lazar, George Knapp, John Lear, Norio Hayakawa and virtually every other Area 51 UFO character from the plausible to the rediculous. (The only player missing is yours truly, whose interview was deliberately cut by Hesemann in personal dispute.) Lazar describes his "Area S-4" experiences in a performance almost as complete as on "The Lazar Tape." He is followed by Knapp, Jim Goodall, Wendell Stevens, Bill Uhouse and an alleged S-4 security guard, all telling interesting tales. In most videos & TV shows, all you get are sound bites; here you can watch people ramble at</p>	<p>\$24.95 1.5 lbs Add to cart or Buy Now</p>

length, giving you more opportunity to judge their personalities and evaluate their claims. Watch Sean Morton's ego just ooze off the screen and experience Gary Schultz's rambling paranoia. Since judging personalities is the key to any truth at Area 51, this video is an important research tool and is probably the only one worth getting. For any Area 51 fan, these two hours are never boring and are just long enough." -- Glenn Campbell (10/25/00)

Red Flag: Air Combat for the 1990s (new trade paperback)

By Michael Skinner and George Hall. 1993, Motorbooks, 128pp, 9x8". An account of the aerial combat training conducted from Nellis Air Force Base in Nevada. Photos throughout. (New.)

Red Flag and similar exercises account for most of the aerial activity surrounding Area 51 (but not within it). Flares dropped during these exercises are often identified as "UFOs" by watchers along Highway 375.

Warfighters: A Story of the USAF Weapons School & the 57th Wing (new hardcover)

By Rick Llinares and Rick Linares and Chuck Lloyd. 1996, Schiffer Publishing, 261pp, 11x9". A large-format art book with color photos throughout. "Provides an inside look at the USAF Weapons School at Nellis Air Force Base, Nevada, one of the Air Force's most highly classified programs. Over an entire six month course, the authors were given unprecedented access to the leaders, instructors and students during the intense and demanding curriculum. Warfighters also contains interviews with some of the most important figures in the history of the USAF, many of whom have fought and won in the skies over Korea, Vietnam, and Iraq." (New.)

"This is a big, dense, heavily illustrated "coffee table" book on the Air Force Weapons School at Nellis Air Force Base. It is best equated to a college yearbook whose primary market is apparently alumni of the school and a few hard-core aviation buffs. (For the rest of us, there may be too much information.) The high price is justified by the glamorous photography of nearly every kind of aircraft that has passed through Nellis. The text is highly detailed, and even includes the curricula and grading systems for the various Weapons School courses. Readers with a special interest in Nellis Air Force Base won't be disappointed with this book and the reams of data it provides." -GC

temi1003 Cover Image 	<p>Fighter Wing: A Guided Tour of An Air Force Combat Wing (new trade paperback)</p> <p>By Tom Clancy. 1995 (1997), Berkley, 330pp, 9x6". A non-fiction book by military suspense writer Tom Clancy describes the daily operations of an Air Force fighter wing, including training exercises at Nellis AFB. (New.)</p> <p>"Clancy, whose best selling novels include The Hunt for Red October, Clear and Present Danger and other morale boosting techno-thrillers, was given unprecedented access to Air Force operations. The result is 330 pages packed with information on aircraft, weapons systems and military organizations. Clancy follows a composite air wing, the 366th, through Green Flag 94-3, one of the major exercises on the Nellis Range." -- GC.
