### Publisher's Synopsis

This absorbing history of man's encounters with higher beings finds its basis in the interpretations of legends, Bible stories and myths that Zecharia Sitchin re-interprets through his research and theories. The author offers insights into man's early encounters with beings from the Twelfth Planet and their interference in human destiny.

### From the Book Cover

#### The ultimate human experience

The interaction between mankind and spiritual beings--of Divine Encounters--as recorded in scriptures and ancient texts provides a powerful drama that spans Heaven and Earth, involving worship and devotion, eternity and mortality, love and sex, jealousy and murder. But how much of these are based on real happenings and how much is based on myth?

With a visionary's ardor and a scientist's attention to detail, Zecharia Sitchin, author of The Earth Chronicles, gives a stunning account of human interaction with celestial travelers. He also provides further proof that prophetic dreams, visions, UFO encounters, and other extraordinary phenomena are indeed the hallmark of intervention by intergalactic emissaries who reach out from other realms to enlighten, guide, punish, and comfort us in times of need. Sitchin's research and theories, illustrated with maps and charts, chronicle a magnificent and inspiring journey through history, from the dawn of time to the approach of the millennium.
