Our Review

Opinion of the webmaster, subject to debate

This book represents a "fine-tuning" of Randle & Schmitt's earlier "UFO Crash at Roswell," incorporating new developments since the first book was released. You ought to read the original book first and get this new one only if the story still interests you.

DAMAGE CONTROL

Files were altered. So were personal records, along with assignments and various codings and code words. Changing serial numbers ensured that those searching later would not be able to locate those who were involved in the recovery. Individuals were brought into Roswell from Alamogordo, Albuquerque, and Los Alamos. The MPs were a special unit constructed of military police elements from Kirtland, Alamogordo, and Roswell. If the men didn't know one another, or were separated after the event, they would be unable to compare notes, and that would make the secret easier to keep.

After the impact site was cleaned, the soldiers debriefed, and the bodies and the craft removed, silence fell. It would not be broken for almost forty-five years. - *From the book*

Authors' Statement

The Roswell investigation is ongoing and because of that, things have been added, changed and reviewed. We have had the rare opportunity to correct errors in the original manuscript, add data collected after the publication of the hardback book, and obtain additional corroboration for the main report. This then, is the story of Roswell told as completely as possible at this time. In the future there will be minor changes, deletions, and additional corroboration. But what follows is the complete story of an alien spacecraft recovered outside of Roswell, New Mexico in the summer of 1947.

From the Book Cover

THE DISCOVERY WAS JUST THE BEGINNING...

"The government covered up the crash for security reasons and the cover-up continues to prevent panic." - *Chicago Sun Times*

FIRST THERE WAS THE EXPLOSIVE EXPOSE - UFO CRASH AT ROSWELL

Kevin D. Randle and Donald R. Schmitt awakened the world to the earth-shattering events that transpired in the high desert of New Mexico in early July 1947.

NOW THE COMPLETE STORY IS REVEALED IN-

THE TRUTH ABOUT THE UFO CRASH AT ROSWELL

Since the publication of that first groundbreaking work, startling new evidence has been uncovered, top-secret government reports have become available, and eyewitnesses have finally stepped forward after decades of fear-induced silence. The proof of the century's most extraordinary close encounter has at last been documented...and the shocking governmental cover-up it inspired has been revealed.

"AN EXPLOSIVE AND IMPORTANT BOOK"

Dr. Richard Haines, former NASA Research Scientist
