Our Review					Opinion of the webmaster, subject to debate		
Credibility	Research Value	Cultural Interest	Visual Information	Style	Silliness	Wow Factor	Bargain
1	2	5	0	NR	5	3	3
Very Low	Low	Very High	None	Not Rated	Very High	Interesting	Moderate
Explanation of Ratings							
Credibility = Very Low: In general, this category is a rating of the author's intellectual discipline and the strength of his argument (which are very low), not the veracity of his claims (which could be true in spite of the weak argument).							
Silliness = Very High: High silliness isn't necessarily a bad thing. Such items often make amusing gifts or may be interesting as cultural artifacts.							

This could be dangerous and damaging book. A psychologist is telling her patients that they need to look into their "past lives" for solutions to their current personal problems. While this reviewer is willing to entertain the possibility of reincarnation, Fiore is behaving as though it were proven fact and is basing a method of therapy upon it. She gives people an easy escape from responsibility: Instead of facing our own problems in the current life, we are encouraged to blame them on events that happened, say, in Cleopatra's day. While this approach may have a certain placebo effect and indeed help some patients, others are going to be lured away from the proven, present-day treatment they need. This is another in a long line of dubious books in which hypnosis is used to "retrieve" deeply hidden memories. Unfortunately, such memories can be just as easily confabulated, and unless you have an outside reality to check them against there is no way to be sure which is which. Our advice to astral travellers: Solve your current problems in your current life. -- *Glenn Campbell*

A Revolutionary Approach to Psychology

...to help you overcome

- fears and anxieties - sexual problems - overeating - insomnia - headaches - allergies - and other common problems

Reincarnation Therapy

In a deep hypnotic trance, a man tortured by insomnia recalls a life as a marshall in a western town. A sexually frigid woman remembers a tragic life as a slave girl. A man suffering from an inexplicable fear of heights recalls a violent death from a fall during the Middle Ages.

Discover the roots of your present-day problems. They might be deep in your past, in another life. Here is the fascinating approach to problem-solving that is changing people's belief in reincarnation, life after death, and immortality with challending evidence that...
