From the Book Cover

JEAN is a dutiful wife who will do anything to make her marriage work. But JODY hates Jean's husband and is determined to drive them apart. Little JD just hides from it all, emerging only when Jean's painful past is more than she can bear.

These are the voices that live within the mind of Jean Darby Cline.

As a child, Jean suffered unspeakable mental and sexual abuse as the hands of her father. As an adult, her first husband's verbal abuse and cruel outbursts of rage echoed the violence of her childhood. Jean hoped that psychotherapy would help ease her depression -- and fill in the major lapses of her memory. Instead, Jean made a startling discovery. The childhood horrors she'd endured had caused her personality to split into three separate entities -- three people with opinions and emotions all their own...

"This deeply personal book cries out with the pure ring of authenticity. [Ms. Cline's] voice becomes a doorway to all suffering children who must stay silent."

-- STEWART STERN, screenwriter of [Sybil](#)

"Fascinating as a story in its own right... [Silencing the Voices](#) is also a valuable addition to the literature on disassociative phenomena. With the skills of a master storyteller, Jean Cline has given us a book that will be of help to anyone... who wants to understand both the torment of multiple personality and the long but engaging journey back to wholeness."
