<p>ConspiracySum</p> 	<p>The Conspiracy Summit (new report)</p> <p>By Timothy Green Beckley (editor). 1997, Inner Light, 100+pp. (bound report) Transcripts from the Sixth Annual National New Age Alien Agenda and Cosmic Conspiracies Conference (held in Phoenix and San Diego, apparently in 1997). Featuring Mel Noel, /people/m/maxwell/, Alex Collier, Al Bielek, /people/s/shultz/, and Isabel Davis. The above speakers give their standard talks, which you might not find in writing elsewhere. The transcript conveys some of the flavor of attending a conspiracy conference without having to travel far or sit through the boring parts. Most of the speakers will never write a book, so this might be the only place to sample their theories. About half of the book is transcripts; the rest consists of various conspiracy articles, including an article about Bill Cooper, articles about "concentration camps" in America (with a map of the), an article by Sean Morton and other assorted conspiracy material. UFOs are mentioned in relation to the conspiracies they are said to be involved in. -- GC (3/30/99)</p>	<p>\$15.00</p> <p>book1</p> <p>Add to cart</p>
