Publisher's Synopsis

This Atlas covers the northern half of the Golden State, from the Oregon border south to the 37th Parallel (which runs west to east from Santa Cruz to Death Valley). This beautiful part of California is primarily mountainous and densely forested, and offers a wide range of geographic features, from glaciers to deserts —the Northern California Atlas & Gazetteer shows them all. There is also a wealth of information on redwood tree stands, downhill and cross-country skiing, whitewater rivers, Northern California's famous wineries and much more. The scale is 1:150,000 91" to 2.4 miles). A mosaic of all the maps would measure 12 feet high by 13 feet wide.
