Our Review

Opinion of the webmaster, subject to debate

A videotaped lecture by the best-known witness of the Rendlesham Forest/Bentwaters incident in England in 1980. Retired USAF Col. Charles Halt shows slides and plays his recorded comments from the night of the incident. Originally presented at a UFO symposium on August 23, 1997, at Prince George's County (MD) Community College. An important first-person account for anyone interested in this incident. --
