Publisher's Synopsis

In this harrowing companion to *The Andreasson Affair* and his subsequent UFO investigations, Raymond Fowler recounts the paranormal experiences of the entire Andreasson family as well as those of his own family members. With enough background for new readers, this book completes the story of the two families for those already familiar with the first installment. 15 color photos. 30 illustrations.

From the Author

The Andreasson Legacy culminates nearly twenty years of my investigation of the UFO experiences of Betty Andreasson Luca. My latest research unveils a plethora of paranormal events that haunt abductees in the aftermath of their experience. I open the Luca and Fowler family closets of UFO and psychic experiences and portray the startling similarities between them. This newly documented material demonstrates that such experiences are often family affairs. It also provides strong evidence that UFO and accompanying paranormal experiences may be just individual expressions of one underlying source - a Metaphenomena. Lastly, all communications from the aliens are isolated, itemized and analyzed to produce the core of their message. Ultimately, their message is the greatest contribution willed to humankind by the Andreasson Legacy.
