## Our Review

Opinion of the webmaster, subject to debate

This book, the first released on the Roswell incident, embodies one of the half dozen competing theories of what happened. In light of recent releases regarding the Project Mogul balloon series, this 1980 book is interesting because it also makes reference to -- and dismisses -- the NYU project. It even includes a diagram of the balloon train.

## Reservations

Mainly of interest to scholars tracing the evolution of the Roswell claims.

## Comparison to Other Books

Randle & Schmitt's [UFO Crash at Roswell](#) is the first "pro-alien" Roswell book to buy.

## Information from the Publisher

Always supportive

## Indexing Information

Other Relevant Ufomind Pages

## Cross References

- [Project Mogul](#): Discussion of both NYU balloons and Rawin target balloons,
- [Frank Scully](#): crude photo of Scully, p.53
