Is Someone Out There?

Thirty-nine men and women in the Heaven's gate Cult killed themselves because they did believe someone was out there -- behind the Hale-Bopp comet -- waiting to pick them up. The shocking discovery of that mass suicide, and the incredible details of the cult's activities and beliefs, has intensified society's and the media's fascination with aliens.

Many of today's top-grossing movies and top-rated TV shows are about extraterrestrials and the paranormal. Why is our culture captivated by the possibility of life on other planets and alien life forms? Is there really someone out there?

In [UFOs and the Alien Agenda](#), Bob Larson, renowned expert on cults and the occult, tackles the topic of aliens and the paranormal, addressing such issues as:

- Descriptions of close encounters with alien beings.
- The history of UFO sightings
- The impact on Christian beliefs if life exists on other planets
- How UFOs may fit into Satan's end-times deception
- What the Bible says about our culture's current quest to contact extraterrestrials

The alien "craze" is built on misinformation and disinformation. What is needed are solid, reliable facts. UFOs and the Alien Agenda is the perfect place to start learning the truth about who is out there.
