PsychicMaf

The Psychic Mafia (new trpb)

By M. Lamar Keene and Allen Spraggett and [Ray Hyman](#) and William V. Rauscher. 1976 (1997), Prometheus Books, 172pp. "M. Lamar Keene, who came to be known as the "Prince of the Spiritualists," enjoyed the riches and fame the accompany the life of a sought-after medium. He claimed to be clairvoyant and to produce objects out of thin air. He conducted seances in which participants talke with and even touched the dead. Yet every miracle Keene performed was a fraud, a lie, and a trick played on willing, gullible victims. In this powerful and brutally honest book, Keen exposes the secrets of the seance room, including ghostly apparitions, floating trumpets, "spirit sex," and other tricks used by mediums to exploit believers. Originally published in 1976 and long out of print, this classic work is a fast-paced autobiographical account of a confessed charlatan who was one of the first mediums to admit his deception. The Psychic Mafia offers an incredible look inside the world of fraudulent spiritualists by a man who rose to the top of a tawdry and lucrative business before he chose to renounce it all."
