[Explanation of Ratings](#)

There is no certification board for psychics, so we are suspicious of any "top 100" listing. Still, this book might be worth the price as a reference book if you are researching psychics. Each entry includes the psychic's photo, address, phone number and speciality. This is followed by a 3-page interview with them. The interview is "friendly," with no hard questions asked and not many personal details given.

Reservations

All information is provided by the psychics themselves, with no skepticism attempted.
