From the Book Cover

Area 51 in Las Vegas, Nevada, was chosen by the United States government in the mid-1950s as the site for testing the U-2 spy plane. Its remote location and huge dry lake beds made it the perfect site for top-secret operations.

Today it's being used to develop and fly stealthy high-speed aircraft such as the "Aurora" hypersonic spy plane and the TR-3A "Black Manta."

It would seem, however, that there is a lot more going on in Area 51 that the authorities would like us to believe. From photographs to detailed eyewitness accounts to her own personal experiences with the mysteries surrounding the locale, Susan Wright provides very persuasive evidence that UFO's are appearing in Nevada, as well as other locations in the United States. Perhaps the greater enigma is, why is this evidence being so persistently covered up?

[UFO Headquarters](#) is an exhaustive and riveting report on ufology today. For skeptic or believer, it is the book no inquisitive mind will want to overlook.
