## Information from the Publisher

Always supportive

### From the Book Cover

We've been told what happened 50 years ago... but what's happened since?

**Dr. Edgar Mitchell** -- Apollo 14 astronaut and the man on the moon reveals that Roswell was a real incident and discusses the 50 year cover-up. "They haven't kept it secret... it's been leaking out to the public for 50 years or more..."

**Col. Philip Corso** -- Member of President Eisenhower's National Security Council and head of the U.S. Army's Foreign Technology Division at the Pentagon. "I had the evidence a crash did happen here..."

**Sgt. Maj. Robert O. Dean** -- Former intelligence analyst discusses a top secret study conducted by NATO in the 1960s entitled "An Assessment." "...It was given the highest classification that NATO had at that time which was, and still is, COSMIC TOP SECRET."

Winner, 1997 EBE Award for Best UFO Documentary, International UFO Congress

"The information contained in this documentary needs to be heard..." -- Edgar Mitchell, Apollo 14 Astronaut
