Information from the Publisher

Always supportive

From the Book Cover

Recorded at Leeds University's conference auditorium 1st June 1996, to coincide with the release of the No. 1 best seller with Robert Bauval, Keeper of Genesis.

Graham Hancock offers a thorough and compelling argument which exposes connections between:

- The Great Sphinx and pyramids of Egypt
- The Mexican pyramids of the Sun and Moon
- The lost continent that lies beneath Antarctica
- Ancient knowledge of spherical geometry and astro-navigation
- The ancient site at Giza and interpretation of the pyramid text

Reader Comments Regarding "Monuments to Life I: Graham Hancock (videotaped lecture)" - Latest First

I saw an address on the video cover, but it was not a valid e-mail address. I don't know if you can answer my question. I just watched the video by Hancock and Bauval and, as usual, I found them profoundly interesting. But I could hardly wait to get to the end of the tape when the two men were going to jointly present a video and talk about the chamber under the Sphinx. Bauval even called Hancock back to the stage in preparation for this presentation just before the credits began to roll and the tape was over. I felt like a cruel joke had been played on me. Do you know why this was left out and if there is anyplace where it is available?
